Providing a quality camp experience for young people, families and adults living with vision loss and blindness for over 90 years.
ABOUT HIGHLAND LODGE

Highbrook Lodge has been creating a positive summer camp setting for thousands of young people, families and adults with vision loss or blindness since 1928. Since our foundation, we've worked hard to build a community where campers can relax, grow and play outdoors.

At Highbrook, our staff adapts structured programs to meet individual needs and interests. We work hard to encourage our camper's independence, exploration and socialization. Campers can expect to be part of a special community that empowers their overall well-being.

For more information about the level of care we are able to provide campers, please call Cleveland Sight Center prior to applying.

New Campers: Highbrooklodge.campmanagement.com/enroll

Application deadline: June 5, 2020 | After this deadline, please call.

FINANCIAL AID AND SCHOLARSHIPS

Many third-party organizations have funding dollars available to sponsor campers interested in attending our programs.

Campers may also apply for a Cleveland Sight Center financial aid package by submitting all required documentation to the camp office prior to June 1st.

All campers are expected to cover their applied deposit fee, at minimum. This fee is nonrefundable for campers who cancel less than two-weeks before their session, as we often have waitlists for our more popular sessions.

ABOUT OUR CAMPERS

All of our campers, aged 0-99, are individuals living with low vision or blindness. We offer them a safe, supervised and supportive environment. We also foster a close-knit community where everyone is accepted and where friendships flourish. This is evident in the fact that most of our campers return summer after summer, calling Highbrook Lodge their home away from home!

Highbrook Lodge is a place where independence and self-sufficiency are encouraged. Campers can improve orientation and mobility skills, increase their ability to live independently and most importantly, learn while having fun surrounded by natural beauty.
