

Cleveland Sight Center

2019 Impact Report

January 1, 2019 – December 31, 2019

JUNE 2020

Every year tells a different story and every client has a unique journey on his or her own path to independence. In the 2019 Impact Report, you will learn about some of those stories.

"We love the helpful tips and all the things we learn for us to work on at home with our daughter. Cleveland Sight Center gives us the knowledge to help our child." -Alexandra, mother of Sophia

Through each journey remains one constant: Cleveland Sight Center's impactful and unparalleled services. Because of your support, we continue to eliminate barriers, build on our legacy and remain committed to excellence.

A central objective of our 2019 Impact Report was to focus on the 4E's (Engage, Educate, Empower, Employ) and the impact programs, services, staff and volunteers have on those areas, with a focus on the agency's goal to enable those who are blind or have low vision to achieve independence. We engage, educate, empower and employ; providing training and guidance to our clients and the communities we serve.

In 2019, 453 adults received rehabilitation services, 2,222 customers in the Eyedea Shop purchased products to remain independent and 11,617 people were reached through direct services and programs.

On behalf of our clients, staff and board of trustees, we thank you for your generosity, trust and continued belief in Cleveland Sight Center. Please view our 2019 Impact Report and see all of the ways you made a difference in the lives of our clients last year:
