Over \$95,000 Raised at White Cane Walk! THANK YOU!!

- THANK YOU all Staff, Board Trustees, walkers, donors, attendees and volunteers for your incredible support of this year's White Cane Walk, as we celebrated the wonderful agency that is Cleveland Sight Center, raising important dollars for CSC and increasing awareness for our mission! As of Friday morning, over \$95,000 has been raised for programs and services! Because of you, we are able to make a difference in the lives of clients who are blind or have low vision. THANK YOU!!!

The agency was buzzing last Saturday as the White Cane Walk was held at CSC for the second year in a row. Many activities were featured on the grounds including learning stations and hands-on opportunities in the tents in the parking lot, white cane experience in the Empowerment Park, tours of the main building, face painting, balloon artists, games, music, dancing and tasty treats. Representative Marlene Anielski made a special appearance to talk about House Bill 587, a Bill she is co-sponsoring in the Ohio Legislature which will require white canes to be covered by Medicaid as durable medical equipment. Representative Anielski encouraged all attendees to contact their local legislators in support of this important Bill.

Another highlight of the morning was the one mile walk from CSC to the Wade Oval Lagoon featuring the beautiful sights, sounds and smells of spring. If you would still like to contribute to the fundraiser and help us reach our goal of \$100,000, donations will be accepted through June 15th, which is also the deadline for fundraising teams to qualify for this year's incentives, including a paid day off for staff who qualify!

Engaging the Community and Strengthening Partnerships:

- Larry Benders and Alicia Howerton attended hearings of the House Health Committee at the Ohio Statehouse in Columbus on Wednesday, June 6th where House Bill 587 was presented by co-sponsors Representative Marlene Anielski and Representative Darrell Kick. The bill sponsors shared the history of the white cane with the committee and asked for support of the bill, which would provide Medicaid coverage for white canes. We are hopeful the committee will hear the bill again in the coming weeks before summer recess and hear proponent testimony from supporters of the bill.

- Please be aware as the repaving and construction around Chester Avenue continues there may be new hazards that occur from time to time. The crosswalk landings on the south side of Chester Avenue at E. 101st Street, that is the corners of where the cross walk in the road meets the sidewalks, have been dug up and are awaiting new concrete. There is a drop off of about a foot in depth that is not fully barricaded from pedestrian access. Please use caution or solicit assistance if needed when navigating this area. CSC's Facilities Department has talked with the work crew and asked that they pay special attention when possible.
- The CYAS department hosts their quarterly "BLAST" event for "tweens" with an event on Saturday, June 23rd, at Sweetie's Golf Land and Candy Warehouse. Did You Know?

- Ohio gets its name from the Iroquois word *ohi-yo*, meaning "great river" and Ohio didn't officially become a state until 1953. It was declared a state in 1803, but didn't get the presidential stamp of approval until President Dwight Eisenhower signed off. He back-dated the declaration to the original date.
